

**Republic of South Sudan**  
**Unity State – Bentiu SPLM-IO**  
**Infantry Sector Two Commander's Office**  
**Date 28/07/2025**

To all the SPLA-IO, infantry sector two administrative units, unity state – Bentiu, Republic of South Sudan.

CC: All the SPLA-IO initiators or founders, supporters, empowerers, objectives maintaining and her objectives/aim preservers.

CC: All the South Sudanese Revitalized Peace mediation, observers, monitors, partners and all peace supporters.

Sub: Keenly and timely planned reactions to the recently changes made by the SPLM/A – IO deputy chairman and commander in chief Lt. Gen. Dr. Natana Oyet and those who are closely with him, especially Gen. Yiey Dak, Bangoang Tung and the rests.

First and foremost, I Lt. General Peter Ruot Chuol Meat officially militarily opposed and completely denied those military changes because of the following reasons:

1. The article wrote by deputy chairman in his relief and appointment messages were not collectively agreed in a conference. They are only known by him. How can such articles be not known by the SPLA-IO sectors.
2. How can such relief and appointments be not known SPLA-IO chief director for MI and the sectors chiefs for MI and commander especially the chief of sector two.
3. Generally, I cannot at all accept any changes and the chairman and commander in chief plus chief of staff are in prisons.
4. It is my right to oppose how can our activities be well known by abroad dwellers

5. If they (Oyet) is timely an acting chairman and commander in chief, let him come down to the ground to call a senior military officers and the SPLM-IO officials and conduct a general conferences, for further awareness and information passes.
6. More to the above my direct contact security officer is not all national security officer, but I only have direct contact with SPLA-IO chief of MI only simply because I am currently a pure military general.
7. Furthermore, I am only and purely supporting Dr. Rick Machar Teny Dhurgon the commander in chief and chairman of this movement. Anyone who will be branching from this is not SPLA-IO person or supporter.
8. My final advise to all units is that anyone who had branched this channel had defected and is aiming for a regime change. I don't comply any more need such people to attempt to advise me or us.
9. I and those who will support that aim and objective will be on our usual defensive military position. This is until the release of the movement chairman and commander in chief.

Signed.....

*AS*  
5/8/2025

Lt. Gen. Peter Ruot Chuol Meat,  
SPLA-IO infantry sector two commander,  
Unity State – Bentiu, Republic of South Sudan.
